

I Can Fly

Attention Choosy passengers

This is your flight captain speaking

We're going to pretend to **fly** in the sky

First off, we are going to be an **airplane**

So put your arms out to your sides

Remember, when we take off

You can fly only into open **spaces** and

Don't bump into any other planes

Here we **go**.... 4, 3, 2, 1, Fly forward...

Swoop down low....

Now fly backwards....

Now let's land... and **freeze**

Now we are going to be a **rocket**, fly high and into outer space.

So put your hands over your head in a point.

Now remember after take off, fly only into open **spaces**.

Get **ready**.... 4, 3, 2, 1

Tip toe into space

Jump forward

Jump backward

Now let's land

Now we are going to fly in a hot air-**balloon**.

Everyone stand up and step inside the balloon.

Now show me how big your balloon is.

O.K. get **ready** for lift off.....4, 3, 2, 1

Move around like you're inside a hot air-**balloon**.

Turnaround

Cool, now let's land

Great Job, Choosy flyers!
